

## **Temporary Seasonal Bee Keeper – An excellent experience to further a career in Bee Farming with permanent employment available for the right candidate**

We are a rapidly expanding Commercial Bee Farming business based in Cheltenham, Gloucestershire that specialises in the breeding & sale of live Honey Bees & Queens.

**The Company:** BS Honey Bees is an up & coming business that is rapidly moving forward with today's demands & innovation in beekeeping. We are a young team in our 20's with a great aptitude for our work & have been in business since 2011.

- Our business is one of the leading and well respected Bee suppliers in the industry with over 3000 customers, excellent web presence & a thriving online store.
- We are not stuck in old fashioned ways and we are willing to adapt various techniques to our beekeeping methods.

**The Position:** Due to expansion we're looking for a fit & healthy beekeeper with 2-3 years of commercial bee farming experience and a full clean driver's license. The pay range we're offering is to be discussed based on experience. The role will commence April 2018 and cease in September 2018.

- We offer an excellent experience for those looking to further their bee keeping experience in a fast paced & forward thinking business.
- Further vacancies available in our sister company in Australia during the off season (October – March).

**The Location:** BS Honey Bees is based in the beautiful countryside of Cotswolds, on the outskirts of Cheltenham. We are able to offer local accommodation to our main base in Badgeworth for the duration of your contract. There are excellent local facilities nearby with Cheltenham Town centre being less than a few miles from us.

### **Why Should You Apply?**

- Excellent experience
- Learn on the job
- Full time permanent employment for the right candidate
- Opportunities to work in Australia
